

Konftel Cam50

Capture perfection

The Konftel Cam50 brings exceptional image quality to your video conferences at a fraction of the cost of other comparable conference cams with PTZ. The powerful optical zoom captures faces and details with amazing clarity, with a reach that extends even into extra large rooms. The Konftel Cam50 is the natural complement to your speakerphone or installed sound system.

The Konftel Cam50 is based around premium class optics and outstanding precision – all the way from the lenses to the image sensor and the technology used to optimize the quality of the video. Even in low light, the image is crisp and clear. And you can test the conference cam's performance by taking the 12x optical zoom all the way. Show notes on a whiteboard or details of a product sample with impressive clarity.

- Exceptional image quality
- Full HD 1080p/60 fps
- Pan 170°, Tilt 60°
- 12x optical zoom
- Field of view 72.5° – 6.9°
- USB 3.0
- Simple installation
- Two-year warranty
- Climate Neutral certified

A SENSE OF PRESENCE

Medium to extra large meeting rooms are the PTZ camera's natural habitat. A 72.5° field of view creates a sense of presence right from the start and it's easy to zoom in to a suitable level. Moving the camera to a preset angle and zooming in can all be done with the press of a button. Otherwise, you can happily trust Konftel Cam50's automatic image quality optimization.

SMOOTH MEETINGS

Whatever your preferred app or cloud service, the Konftel Cam50 will sort out the video image as long as you can connect via USB. And this huddle room convenience will also transfer to larger situations.

CHECK OUT THE COMPLETE ROOM SOLUTION

Equip your meeting rooms for video conferencing: use any platform and Bring Your Own Meeting. Konftel C50800 Hybrid is a premium kit for video collaboration that includes the Konftel 800, the Konftel Cam50 for exceptional video quality and the Konftel OCC Hub with support for One Cable Connection.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.
